

**AFRICAN HORIZON
CONSTRUCTION**

**TRUSTED
CONSTRUCTION
IN AFRICA**

African Horizon Construction is a multidisciplinary construction company with core competencies in the property development sector. We deliver a seamless, comprehensive range of construction and construction management services, from concept and earthworks through to handover.

African Horizon Construction has broad experience in providing exceptional, trusted construction services to multinational corporations and leading regional developers. As a trusted construction company with a demonstrable, excellent track record and offices in Zimbabwe and Zambia, we are well-entrenched in African markets.

Leveraging a solid infrastructure and deep expertise, we are able to deliver superior services to global standards while remaining competitive on pricing.

 **EXPERIENCE**

Fully experienced in our trade with deep expertise across diverse and large-scale projects.

 **INFRASTRUCTURE**

A solid, well-established infrastructure supports the provision of streamlined delivery.

 **QUALITY**

We are pedantic and exacting in our service delivery, ensuring end products to world-class standards.

 **MANAGEMENT**

Our management strives to work closely with each client throughout the project, ensuring alignment and ultimately delivering projects that exceed expectations.

We offer a **turnkey solution** to ensure seamless project delivery according to each client's unique requirements.
